

The diagram illustrates the longitudinal profile of a road section. Key features include:

- Horizontal Alignment:** Distances from the left edge to various points are marked: 50, 75, 350 (jezdniia drogi), 75, 50, 15, and 135 (zjazd Z8).
- Elevations and Slopes:**
 - Left side: 8% slope, elevation -0.02, 8% slope, elevation +0.04.
 - Top of road: 2% slope, elevation ±0.00=327.11, 2% slope, elevation -0.04.
 - Right side: 4% slope, elevation -0.07, 4% slope, elevation -0.10, 1.5% slope, elevation -0.04.
- Ground Profile:** A dashed line represents the existing ground (teren istniejący) with an elevation of -1.22 at the centerline.
- Bridge Structure:** A bridge (przełaz) is shown with a circular structure labeled -1.16.
- Other Labels:** pobocze (shoulder), granica pasa drogowego (road edge line), and zjazd Z8 (driveway Z8).

The diagram illustrates a cross-section of a road construction project. The top part shows the proposed road structure with various layers and slopes. The bottom part shows the existing terrain (teren istniejący) as a dashed line. Key features include:

- Proposed Road Structure:**
 - Jeźdnia drogi (Roadway):** The central part of the road, labeled "jeźdnia drogi" with a width of 350.
 - Pobocze (Shoulder):** The side areas, labeled "pobocze" with widths of 50 and 75 on each side.
 - Slopes:** The outer slopes are labeled "1:1.5".
 - Gradients:** The road surface has gradients of 8%, 2%, and 8% on the left side, and 2%, 8%, and 8% on the right side.
 - Levels:** The proposed road surface is at a level of $\pm 0.00 = 328.80$. The existing terrain level at the center is ± 2.12 .
- Existing Terrain (teren istniejący):** Shown as a dashed line below the proposed road structure.

The diagram illustrates a cross-section of a road project. Key features include:

- Existing Terrain (teren istniejący):** Represented by a dashed line at the bottom.
- Proposed Road Structure:** Shown as a solid line with various elevations and slopes.
- Elevations:**
 - Left side: -0.29
 - Top of road: 0.00, +0.04, ±0.00=331.20, -0.04, -0.10
 - Right side: 1.65
- Slopes:**
 - Left side: 1:1.5
 - Top of road: 5%, 2%, 2%, 8%, 8%
 - Right side: 1:1.5
- Labels:**
 - granica pasa drogowego (roadway boundary)
 - zjazd Z9
 - jezdnia drogi (roadway)
 - pobocze (shoulder)
 - teren istniejący (existing terrain)
